

Easter Egg And Water Sensory Bin

This is another great and simple activity to use your plastic easter eggs.

It allows free play and kids can make up their own games with the Easter eggs and water.

What you'll need

- Ladle
- Water
- Bin
- Plastic Easter Eggs

Steps

1. Take two sensory bins and get your kids to help you
2. **Half fill one bin with water.**

You can color it with food coloring if you like

3. Let your kids add the plastic Easter eggs to the water
4. Give them ladles and let them play with the plastic Easter eggs

Kids will learn about:

Sensory
Colour Recognition
