

Ice Cream Sunday Quiet Bin

I like the idea of making a fun and educational diy toy for my kids that they can play with over and over again. In this activity you get to make a cute ice cream felt play set from felt with pompom decorations. Kids build different types of ice cream. You can also ask them to build ice cream with different number of scoops.

What you'll need

- Pom Poms
- Felt
- Child Scissors
- Lunchbox
- Yarn

Steps

1. Gather all the supplies
2. Cut out the ice cream from the felt. Cut the yarn into smaller pieces.
3. Pack everything into the lunchbox until ready to use

Kids will learn about:

Sensory
Colour Recognition
Mathematics
Fine Motor Skills

Categories:

Quiet Time
Educational
Indoor
