

Nature Cutting Bin

I like this activity because it's almost free (you just need child safe scissors) and it gets kids involved in gardening.

I'm sure most kids would be very interested in cutting natural objects.

What you'll need

- Kids Scissors
- Child Scissors

Steps

1. Gather natural objects that are suited for cutting.

For example: leaves, thin branches, grasses.

2. Add the natural objects to a sensory bin and supply with child safe scissors
3. Invite your kids to play by cutting the natural objects.

Kids will learn about:

Sensory
Hand-eye Coordination
Colour Recognition
Fine Motor Skills

Categories:

Outdoor
