

Felt Imaginary Play

I like that you get to make a fun landscape toy with the felt that kids of all ages can play with. They use their imagination to play with the landscapes in different ways. You just need a few sheets of felt and whatever figurines you have to play.

What you'll need

- Figurines
- Felt
- Child Scissors

Steps

1. Gather all the supplies
2. Cut out landscapes from the felt
3. Show your kids how to play

Kids will learn about:

Colour Recognition
Creativity

Categories:

Quiet Time
Indoor
