### Quiet Time Activity For Kids:

# Popsicle Sticks Posting

This activity is simple but it can keep kids busy for a while. My kids love posting so this activity is great for kids who like posting. If you don't have a bottle or to mix it up, they can also post into egg cartons with slids cut in.

## What you'll need

- Popsicle Sticks
- Plastic Bottle

### Steps

- 1. Gather all the supplies
- 2. Cut a slit in the lid of the bottle
- 3. Tape the bottle to the play surface
- 4. Show your kids how to post the sticks in the bottle

#### Kids will learn about:

Hand-eye Coordination Fine Motor Skills

#### Categories:

Quiet Time Indoor
