

Bead Threading Fine Motor Math Activity

This activity is a fun way to teach addition (math) to your kids. You only need beads and pipe cleaners and they can play with the beads and pipe cleaners in different ways. You can add different amounts of beads to each end of the pipe cleaner and they can add the numbers together or they can add the beads to the pipe cleaners themselves. Great for fine motor skills and addition (early math skills).

What you'll need

- Beads
- Pipe Cleaners

Steps

1. Gather all the supplies
2. Twist a few pipe cleaners to form a loop with two ends.
3. Add a few beads to each pipe cleaner ends. Or ask your kids to add beads to the pipe cleaners

Kids will learn about:

Mathematics
Fine Motor Skills
Cognition
