

Farm Animals Washing Station

"Dirty, dirty animals. Let's wash you" - my son, aged almost 4 (who loves washing things).

My kids enjoy playing with water and dirt so this activity will keep them busy for a while. You just need dirt, animal figurines, soapy water and washing tools for your kids to play. They can dip the animals into the dirt and then wash them in the soapy water.

What you'll need

- Dirt
- Dish Soap
- Dish Towel
- Water
- Bin
- Sponges

Kids will learn about:

Sensory
Fine Motor Skills

Categories:

Steps

1. Gather all the supplies
2. Add the dirt to one bin and the soapy water to another bin.
Add the animals to the dirt.
3. Give everything to your kids to play
